

PARROT INVENT Clips and Test Leads

PCX Parrot Test Leads

(PCX Parrot Clip + 1 m silicone wire + 4mm banana plug) 1 RED +1 BLACK

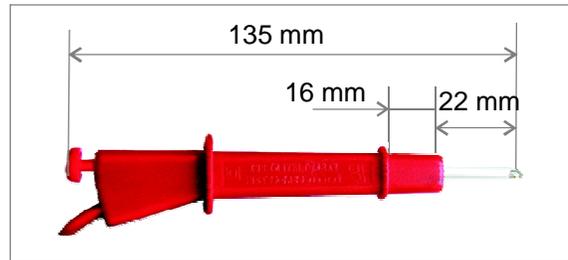

Parrot clip TEST LEADS paire with PCX body
4 mm (male) banana plug and
1 m silicone wire

- Easy to handle , point and grip.
- Low point contact resistance (3mohm - 5mohm)
- Low connection resistance (3mohm - 5 mohm)
- Reliable mechanical connection (metal tip+hook)
- Reliable connection at high temperature (90°C)

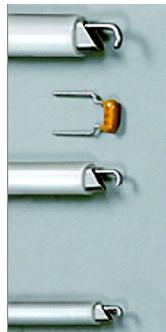

A) PCX Clip (Body + Metal Tip + Metal Hook)

- Best for multimeter test leads.
- 600 V Cat III voltage insulation according to IEC-1010-231.
- Easy to handle, point and grip.

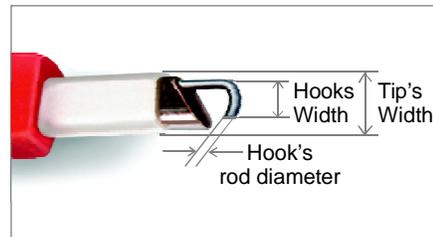

B) Size of the tip - width of the metal tip, W2, W3, W4

W4= 4 mm
electrical T&M

W3= 3 mm
electronics & electrical
T&M

W2 = 2mm
electronics T&M

C) Connection type to the lead

1) Solder .

The lead is soldered on the metal prolongation of the tip, inside the body.
